Address:

Downtown, ATASCADERO

Price:

4990.00 \$

Hi,

The trailer works great. It has upgrades that include a new fridge, upholstery, cushions, bed, screens, propane tank, large battery and kitchen faucet.

The water heater, stove, ac, windows, electrical, radio, speakers, toilet and shower all work.

The propane heater doesn't work but a portable electrical one is what I used instead. There is some cosmetic tears near the bathroom ceiling from previous water damage that had been repaired when I bought it. The shower works fine.

I'm asking what I paid for it, plus the upgrades. The fridge alone was about \$1500!

It has big windows and an open floor plan. Lots of room for storage.

Please let me know if you want to see it and make an offer.
